

CLASS BREAK POLICY

There are many reasons for the class breaks that take place at Easter, Christmas and August, namely:

- To give our hard working instructors a regular break. This is a significant reason why class quality is so high.
- As many regulars take holidays at this time we avoid charging you for activities you cannot access. Monthly membership prices take into account the class break policy. This helps to keep prices at the high-value level they have always been.
- If classes did continue, there would be a lack of continuity due to instructors taking holidays.
- We offer a multitude of other activities to try out, including big screen Cycling Studio sessions which replace the instructor led classes.
